

# SEGUIN EVENTS COMPLEX

A City of Seguin Newsletter

Issue 5 | April/May 2016

## Real Progress despite recent rains

SEGUIN, TX ~ Rain or shine improvements are evident at the Seguin Events Complex.

In this issue the Coliseum gets a new roof, plumbing is redone in the Cattle barn, there is a new ride for the Event Complex, update on ADA improvements and more.

We hear from Patty Farley with the South Texas Pintos organization, who hosted a horse show since our last publication.

### In This Issue

- Coliseum roof overlay completed
- ADA restrooms up & running in arena
- Cattle barn progress
- Arena concession updates
- South TX Pintos feedback from their horse show arena event

## The ROOF. The ROOF. The ROOF is all DONE!

Delivery of the Coliseum overlay material in above pics led to completed product shown above. Greg Duenes, Assistant Facilities Manager completes a final walk through on the roof of the Coliseum.

# ARENA UPDATES ONGOING

Bars removed from Arena ticket booth. Opaque windows installed. ADA windows boarded up for construction.

View of boarded windows cut down for ADA accessibility.

*The South Texas Pintos hosted a horse show at the arena for the first time since the city took over operations.*

**“We used the barn and arena... I loved the wash rack and the fact there is 1 key for everything was wonderful.”**

- Patty Farley with the South Texas Pintos mentioned about the new renovations

**Demo time**

Concession updates consisted of gutting out where the old freezer was and prepping the area for the new one on order.

## Upcoming Arena Events

Dog show

The Rock N Roll Barrel racing

South Texas Pintos

Above Left: View of the completed ADA ordering window in the arena. Above right: Arena Restrooms are up and running: New Paint, light fixtures, privacy panel, ADA accessible entrance: ramp, handrails, door entry.

# Cattle barn renovations

New AQUAPEX plumbing completed in restrooms and will extend to cattle wash area.

BEFORE

AFTER

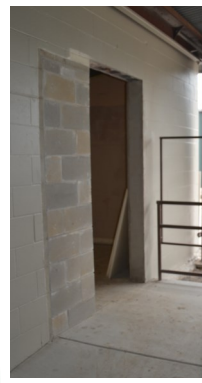

AQUAPEX  
PLUMBING

## FEATURES

of the  
AQUAPEX plumbing  
system being installed

- Non-toxic, free of harmful lead, copper and other metal ions
- Long life, a minimum of 100 years service
- Quiet, no hammer noise
- Maintenance free
- Stands up to freezing better than any other tubing

LEFT: The restrooms doorway entrance are now ADA accessible, the little wall that used to be at the entrance inside the bathroom is gone!

BELOW: New heavy grade doors were installed in place of the cage-like, steel bar doors. Baby changing tables will be going into both the men and women's restroom.

Privacy paneling will be added along ADA rails.

## Upcoming Projects

- New stage with scaffolding wheels, vent fans and wall insulation in the Pavilion
- New light fixtures in Horse Barn
- Hall of Fame - new coat paint
- Swine Barn - new barn panels

## Long-Term Projects

- Pavilion painted & faceted
- Incorporate new city branding to the complex

## Little things to make a BIG difference

Drainage pipes to the covered Pavilion can be an entry point to little critters. Drainage covers were recently added to keep them out.

## New Golf Cart for the Event Complex

There is a more convenient and efficient way employees are able to get around the complex! Recently a 6-seat E-Z go golf cart was purchased to not only lighten the walking distance, but to provide time efficiency.

**"I love having the golf cart available for tours of the Seguin Events complex. Whether I am driving to the RV hook ups or Horse barn to check in on clients, I can get there faster and look more professional," said Diane Gould, Coliseum Event Coordinator**

With the on-going repairs to the Seguin Event Complex, Facilities Manager, Josh Farrell has utilized the golf cart to transport vendors to different buildings to show them the work that needs to be done.
